The flu virus can travel through the air when a person coughs or sneezes. When you cough or sneeze you should:

- * Turn away from other people
- * Cover your mouth and nose with a tissue or your sleeve
- * Use disposable tissues rather than a handkerchief (which could store the virus)
- * Put used tissues into the nearest bin, rather than a pocket or handbag
- * Wash your hands, or use an alcohol hand rub, as soon as possible afterwards.

2. Wash your hands

1 Wet your hands, then apply soap

2 Lather vigorously for 15–20 seconds

3 Rinse with water

4 Dry your hands afterwards with a clean towel

Unique Student Identifier (USI)

What is the Unique Student Identifier (USI)?

To commence studies with UBSS, the Australian government requires all students to have a Unique Student Identification (USI) number. The USI will create a single government identifier for your entire tertiary education journey wherever you study in Australia. This will help simplify information management for students, education providers and the Australian government.

For students who will graduate after 1 January, 2023 the Australian government requires all students to have a Unique Student Identification (USI) number. The USI will create a single government identifier for your entire tertiary education journey wherever you study in Australia. This will help simplify information management for students, education providers and the Australian government.

What do you need to do?

You will need to read and accept the [\(USI\) Terms and Conditions](#) to use the USI portal.

Select the appropriate option below to either supply your previously obtained USI or apply for a new USI.
