Acknowledgement of Country

We acknowledge the Traditional Custodians of the lands and waters across Australia where our campuses are located and where we gather to meet and learn. Today, I honour the Gadigal people of the Eora Nation, on whose land we are based and all the lands we gather from today.

We pay respect to Elders past and present, whose wisdom, cultural heritage and care for these lands have guided countless generations, just as we strive to guide our students. Inspired by their commitment to learning and community, we walk together toward a future of mutual respect, understanding, and shared opportunity.

Academic Progression

Academic Progression

UBSS implements comprehensive procedures for assessing and managing students' course progress to ensure compliance with academic standards and visa requirements.

1. Identifying Students "At Risk"

- A student is considered "at risk" if they fail to achieve the required **50% completion rate** of units in a study period.
- Early intervention strategies are developed to support these students, such as academic counselling, additional tutorials, or referrals to support services.

2. Unsatisfactory Course Progress

- A student is deemed to have unsatisfactory course progress if they fail to meet the **50% completion rate** across **two consecutive study periods**.
- A formal **Warning Letter** is issued to the student, outlining the consequences and steps required to improve their performance.

3. Reporting to the Department of Home Affairs

- UBSS is required to report students who fail to achieve satisfactory course progress and are therefore in breach of their visa conditions. Reporting is conducted through the appropriate channels in compliance with the **ESOS Act** and **National Code of Practice**.
- Consequences include cancellation of the CoE and potential cancellation of the student visa.

These procedures are designed to monitor student performance, provide timely support, and ensure compliance with academic and regulatory obligations. For more information see our [Academic Progression, Monitoring and Intervention Policy](#)

Hygiene on Campus

1. Cover your mouth and nose when you sneeze or cough.

The flu virus can travel through the air when a person coughs or sneezes. When you cough or sneeze you should:

- * Turn away from other people
- * Cover your mouth and nose with a tissue or your sleeve
- * Use disposable tissues rather than a handkerchief (which could store the virus)
- * Put used tissues into the nearest bin, rather than a pocket or handbag
- * Wash your hands, or use an alcohol hand rub, as soon as possible afterwards.

2. Wash your hands

What are your rights at work?

Know your rights

There are some things you should find out from your employer as soon as possible. This includes:

- your pay rate
- whether you're full-time, part-time or casual (this affects your hours of work, pay rate and leave entitlements)
- your hours of work
- what your job duties will be
- whether there's an award or registered agreement that covers your job (this affects your pay rate, hours of work and other entitlements)
- if there's a probation period for your job.

Know your responsibilities

You have responsibilities as an employee. These include performing the duties of your job, being punctual and reliable, and following any workplace policies, procedures, and health and safety rules.

A new job can give you a lot of opportunities - try to make the most of it. Check with your employer to see how you're performing and look for ways to improve how you work.
